All guests will sleep on the boat the night prior to departure. Just make sure to be back on the boat by 3 a.m.

Diving

The crew of Rocio del Mar will be glad to help you in any way possible to make your visit to the Socorro Islands an unforgettable experience. We provide 80 cubic ft. aluminum tanks that are both Din & Yoke compatible. The main attractions in the Socorro Islands are the large pelagic, mantas rays, dolphins, humpback and 7 different types of sharks including hammer head sharks. Due to the Revillagigedo biosphere regulations, divers are prohibited from carrying lights, knives or gloves when diving anywhere in the Socorro Islands.

Diving at the Socorro Islands is amazing and it provides the chance for large animal encounters.
